

EESNET

Eastern European Seed Network

Novi Sad, 26.11.2010.

Dear Colleagues,

As you were informed earlier, EESNET members accepted full integration of EESNET into ESA (meeting in Bratislava, May 2010.), based on view that European Seed Industry need to speak with one strong and common voice.

Regarding above mentioned, I would like to inform you that official integration of EESNET into ESA was complited at the meeting in Prague on 22.11.2010. Herewith EESNET ceases to exist.

The European Seed Association is well structure organization, conciliatory in the major questions and operates in a fully transparent manner and ESA shall propose to discuss all useful possibilities to address specific Eastern European issues. All national associations of CEE countries have the possibilities to take part in and also influence the work of ESA. ESA shall start to alternate its Annual Meeting between Brussels and other European countries with effect of 2011., specifically in CEECs, as well as section meetings.

For your full satisfy informing, you will recieve Minutes of Prague meeting.

Yours sincerely,

Secretary General of EESNET

Dr Svetlana Balesevic-Tubic
